User Stories

Joel Fitzpatrick, Arun Muthu

August 18, 2021

The following User Stories have been developed for Sprint 2, categorised into the themes: Booking, Authentication, Admin Panel, Miscellaneous.

Our main focus for this sprint is implementing the basic functionality for feedback and review from the client. The main tasks excluded from Sprint 2 involve PDF generation and emails.

Theme	User Stories
Booking	As a user, I want to view information about all car parks such as location so I can determine which car park to select.
	As a user, I want to see information about the bays within my chosen carpark so I can determine which bay to select.
	As a user, I want to view a car park's schedule so I can select a particular date and time for the booking.
	As a user, I want to submit the personal details of my guest with the booking so the car bay can be reserved personally for them.
	As a user, I want to book several bays in one booking request so I can accommodate several guests.
	As a user, I want to go to previous pages if I change my mind on specific details of the booking such as carpark, bay, time, etc.
Authentication	As an admin, I want to login to an admin panel so that I can manage the booking system.
	As an admin, I want to be able to change my username or password in case of an account breach or other security reason.
Admin Panel	As an admin, I want to view booking requests so I can individually approve or decline them.
	As an admin, I want to create new carparks or delete existing carparks to reflect changes to UWA's carparks.
	As an admin, I want to modify the details of carparks such as name, description, or location to reflect changes to the UWA carparks.
	As an admin, I want to create or delete admin accounts if new staff is hired.
	As an admin, I want to modify the contact number displayed on the home page if it is changed.
	As an admin, I want to modify the earliest or latest times a bay can be booked.
Miscellaneous	As a user or admin, I want to be able to click a help button on any page so I can receive guidance if I am confused.

* The term 'user' refers to staff members or VIP contacts making bookings.
